

creating better environments

The Flooring Systems division offers a broad and attractive range of environmentally friendly natural linoleum, high-quality vinyl floors, entrance matting systems for cleaning and drying shoes, carpet tiles, needle felt, and Flotex, the washable high-tech textile flooring. Thanks to their excellent technical properties and attractive design, these flooring products are invariably the first choice for public buildings, department stores, hospitals, and other healthcare facilities, schools, libraries, commercial and office spaces, leisure centers, shops, hotels, restaurants, and cafeterias as well as for applications in the residential market. With a market share of about 70 percent, Forbo is the world leader in linoleum.

Flooring Systems also provides ready-made adhesives for floor covering installations, parquet flooring, and ceramic tiles, leveling compounds for the construction industry as well as liquid floors under the trade name Eurocol.

Forbo SAP Competence Centre

The SAP Competence Center serves Forbo Flooring Systems with SAP ERP 6.0, CRM 2007 and BI. The consultants of the SAP Competence Center are involved in various international rollouts, enhancement and improvement projects. Furthermore the consultants deliver support to the key users of the organizations. The Forbo SAP Competence Center consists of 18 functional, development and technical consultants. Technical support has been outsourced.

SAP Basis Consultant

Position

You will support SAP technical projects (upgrade, support and enhancement packages, archiving, etc.), batch job management, Change and Transport System (CTS), Solution Manager and the coordination of the outsourced SAP landscapes.

As a Development & Technical Consultant you are also responsible for designing, programming and maintenance of programs, interfaces, EDI file transfer, user exits and enhancements.

You report to the manager of the SAP Competence Centre.

creating better environments
